

S&T *stay connected*

It has come to our attention that you had a joint capital credit membership with S&T Telephone Cooperative in the past. It is our understanding that it should no longer be a joint membership. S&T policy is to divide the capital credits equally in the event of a divorce unless we are instructed differently through court papers such as a divorce decree.

If you would like to have the capital credits split equally, you will both need to sign at the bottom of this letter and have your signatures notarized, agreeing to split the capital credits equally between both of you. Please mail this back as soon as possible.

If the capital credits are not to be split equally, we will need legal documentation addressing the capital credits specifically or they will stay in both names. Please also indicate when the divorce was final or what date the capital credits are to be split.
